Participation rules for competition

Rule 1

Participation

To participate in the competition, the individual must have a basic knowledge of the Pushing hands ruling system and from at least one year of sparring.

Rule 2

Payment

The competition fees must be paid before the last registration date.

Rule 3

Registration

Registration should generally be made online or, if done manually, confirmed in writing/email from the organizer before the last registration date.

Rule 4

Registration and weigh-in

Competitors shall present themselves for registration and weigh-in according to the organizer's instructions.

Rule 5

Insurance

By signing the registration form, the participant accepts the rules and the competition risks. The organizer can not be held liable in any case of injury. It is the competitor's own responsibility to have suitable insurance.

Rule 6

Fair play

Participants are expected to behave in a spirit of fair play and not seek unfair advantages over other participants, try to find loopholes in the rules, etc. Foul language or impolite gestures to other participants or officials are unacceptable.

Rule 7

Rule breaking

Participants breaking the competition rules can be given warnings, or points can be given to their opponent. In extreme cases, the participants can be disqualified. Repeated violation of the rules is grounds for direct disqualification.

Rule 8

Appeals

The secretariat must receive appeals concerning judgments and decisions in written form within an hour from the appealed decision to be considered. The Appeal Committee will handle appeals. Appeals may never be presented during pushing hands matches, but only after the end of the match. A deposit of 500 SEK shall be made at the same time as the appeal. The deposit will only be repaid if the complaint is of good merit, regardless of the final decision.

Rule 9

Injuries

The competition medic always has the final decision on whether an injured competitor - due to health and safety reasons - can continue the competition. The medical decision can not be disputed.

Rule 10

Walkover disqualification

If a competitor does not appear three times after being called to the competition area, he will be disqualified from that event. If a competitor cannot appear because he is busy competing at another event, he must inform the secretariat to avoid disqualification by walkover. This can be done in person or through a spokesperson.

Rule 11

Rest between events/matches

A competitor has the right to two minutes of rest in between matches.

Rule 12

Age classes

Competitions are open for ages between 18 to 55 years.

Rule 13

Event categories

The organizers reserve the right to change the competition categories if necessary. The organizers cannot guarantee that all events will take place. A minimum of two participants in an event is necessary; otherwise, the event will be canceled. If there are only two participants in a class, a medal will only be awarded for 1st. If there are only three participants in a class, medals will only be awarded for 1st and 2nd place.

Rule 15

Matching of weight class

At the time of weigh-in, a competitor no longer in his registered weight class is not assured of a place in the competition.

Rule 16

Clothing and appearance

All competitors must be barefoot or in soft martial arts shoes and otherwise clothed. Wearing jewelry, watches, glasses, and other items dangerous to the opponent or the competitor is forbidden. Nails must be cut short, and long hair must be tied back. The judges

must be able to see the competitors' feet. The shirt sleeves must not cover the elbow. Hands and arms must be free of any foreign substance. Please see the competition website for an example of shoes allowed in pushing hands, or contact the organizer directly.

Rule 17

Match length

Match length is 2x2 minutes. The clock will continue to run as long as the judge does not call a time-out.

Rule 18

Clinch

In the case of a clinch where no technique is applied, the judge may break and restart the match.

Rule 19

Ranking points

Ranking points are awarded for each match as follows:

- Win – 3 points
- Draw – 1 point for each participant
- Loss – 0 points.

If two competitors in the same pool have the same ranking score, the one who has been awarded most points during the matches outranks the other.

Rule 20

Pushing hand finals

If a weight class is divided into several pools, there will be a separate final round. If there are two pools, both pool winners and the second-best from each pool will qualify for the final round. If there are three pools, all pool winners and the second-best competitor in these pools will qualify for the final round (a total of four competitors in the final round). All pool winners will qualify for the final round if there are four or more pools. A final cannot end in a draw and will be extended by 2x30 seconds. If it is still undecided after this, the first to score a point will be the winner.

Fixed Step Pushing Hands

Rule 21

Starting position in fixed step PH

The competitors face each other in a front stance with the left foot on the middle line. The judge moves the competitors' left arms into contact.
